## Know Me More

### I'm Nikola Cimerkov,a Web Developer and Designer

As a web developer and designer, I have spent several years honing my skills in both areas. I have experience with a wide range of programming languages, including HTML, CSS, JavaScript, and PHP.
In my design work, I place a strong emphasis on creating user-friendly interfaces that are both visually appealing and easy to navigate. I am proficient in several design tools, including Photoshop, Sketch, and Figma, and have experience creating responsive designs that look great on any device.
Throughout my career, I have worked on a variety of projects, from small websites for local businesses to large-scale enterprise applications. I pride myself on being able to work collaboratively with clients and stakeholders to understand their needs and develop solutions that meet their goals.
Overall, I am passionate about creating high-quality, user-centric web experiences that are both aesthetically pleasing and functional.
